WORK EXPERIENCE

Freelance React JS / React Native Developer | Fiverr - Contract   Oct 2022 - present

- Working on a web & mobile application for boarding schools to manage students, groups, team captains, teachers, events, games, rewards, and more as a React JS and React Native Developer. The school's operations can be tracked and measured using analytics features built into this application.

- In this position, I'm in charge of creating and maintaining the application's front end utilizing React Native, React JS & Firebase. This entails adding new functionality, addressing issues, and improving user experience.

Freelance React JS Developer | Fiverr - Project   July 2022 - Sep 2022

- Developed a basic-level warehouse management system to efficiently manage products.
- Utilized React JS to build a single-page application with a responsive user interface.
- Implemented real-time data storage and retrieval using Firebase.
- Designed and implemented an intuitive product catalog system for easy navigation and product search.

Freelance React JS Developer | Upwork - Contract   Aug 2022 - Sep 2022

- I received a job offer from a customer on Upwork as a Freelance Frontend Developer to work on a management system web application using React JS and MUI.
- In this position, I was in charge of creating and managing the front end of these online apps, making sure they were aesthetically pleasing, user-friendly, and operated without a hitch.
- I used my knowledge of React JS and MUI to create user-friendly interfaces and realize the client's vision. In order to include different features and functionality in the applications, I also had the chance to deal with APIs.

Junior Frontend Web & Mobile App Developer | DevelopEirs   Jan 2022 - Jun 2022

- Worked as a React developer at an Ireland-based startup on large-scale projects using technologies such as React, React Native CLI/EXPO, and Firebase.
- Contributed to the successful launch of a mobile application, resulting in increased user engagement through the implementation of new features.
- Collaborated with designers, QA testers, and other team members to deliver high-quality products.
- Assumed additional responsibilities of mentoring junior team members and leading cross-functional projects.
- Developed technical skills and made significant contributions to various projects.

Freelance Front-end Developer | Fiverr   Oct 2021 - Dec 2021

- Worked on various freelance projects as a HTML, CSS, Bootstrap, and JavaScript developer.
- Designed and developed custom websites using HTML, CSS, and Bootstrap, ensuring responsive and visually appealing designs.
- Implemented interactive features and dynamic user interfaces using JavaScript and jQuery.
- Collaborated with clients to gather requirements, design wireframes, and create mockups.
- Ensured that all projects were delivered on time and met the client's expectations.
- Provided technical support and maintenance services for clients after the completion of projects.

Freelance Web Designer | Fiverr - Freelance   June 2020 - Dec 2020

- Worked on various freelance projects as an HTML, CSS, and JavaScript developer for static websites.
- Designed and developed custom static websites using HTML, CSS, and JavaScript, ensuring responsive and visually appealing designs.
